WMC Mobile Tour

Discover the memorials through your mobile device

Welcome to the War Memorial Center

Thank you for visiting one of Milwaukee's most prized landmarks. The WMC was designed by mid-century modern master architect Eero Saarinen and dedicated in 1957 to honor the war dead after WWII.

Today, the War Memorial Center is a solemn setting for citizens to pause and reflect on the sacrifices made by the men and women of our armed forces. This mobile tour is designed to deepen your appreciation for the memorials housed here.

You Can Tour 2 Ways:
